Establishing Norms

Caleb, Jovan → Central
Michelle → Pacific
Ivan → Eastern

Each group should discuss and provide an answer for the following questions

- What does this group do when two or more members disagree (ex. on a technical approach, a technology choice, etc)?
    - *Sides present their opinion.*
    - *Discuss and see if mutual agreement is possible.*
    - *Group vote if needed*
    - *Mentor opinion*

- What does this group do when a member is frustrated?
    - *Take a break*
    - *Respectful conversations between offended parties*

- What does this group do when we merge our work together?
    - *Communicate in slack when ready for merge*
    - *Determine meeting time for merge (EOD or other meetup time)*

- When does this group ask for help?
    - *Initial 15 min. On your own. Then pull in extra group members*
    - *Then pull in mentors*

- How do we pair? What do we do when two group members pair with each other?
    - *Parallel programming (pair if needed)*

- How does this group approach work "after hours" (i.e. after normal class hours and weekends)?
    - Normal work is Fullstack hours
    - *After hours work is fine.*
    - *No merge until meeting*

- What time does this group have daily stand up?
    - 11am Eastern
